A Regina Will LAST A LIFE-TIME

Every Regina Watch carries
with it a universal guarantee.

That means, if you purchase a
Regina from this store, we en-
dorse the universal guarantee,
which will be honored by any other
Regina watch agent anywhere.
Add to this, the manufacturers'
absolute and permanent guaran-
tee against structural defects and
you will see that you cannot make
a mistake in purchasing a REGINA
WATCH.

GENERAL MERCHANTS - RED DEER.

OUR SCHOOL WINS.

Rutherford Cup Comes to Red Deer

On Saturday, April 23rd, the
High School Football team de-
feated the Edmonton High School
Football team by a score of 1-0,
thus winning the above Cup, to
be held by them until they may
be defeated. Last summer, Pre-
mier Rutherford initiated his in-
tention of donating a trophy to
be competed for by Collegiate
institute teams from Olds, north.
To begin with, only three teams
entered for the series to decide
which was to be the first defender.
Edmonton defeated Strathcona
by a score of 4-0, and, last fall,
our School boys suffered defeat
by the same team by a score of
1-0, the latter being largely due
to the fact that A. Carswell had
his leg broken early in the game.
Edmonton High School thus be-
came the first defenders. The
Red Deer boys, however, did not
let them rest long on their laurels
but went after them in great style
and succeeded in bringing the
Cup home with them. The score,
1-0 indicates a close game, but
such was not the case; Red Deer
had the best of it from start to
finish. Immediately on the ball
being put in play, the forwards
by a pretty combination, carried
the ball into the Edmonton terri-
tory and scored through their
captain, W. Krause. The rest of
the game was soon told, for it re-
sulted in continual pressure by
the Red Deer forwards and halves
with an occasional break away by
the Edmonton wing men; these
spurts, however, ended in smoke.
It would be invidious to select
any player for special mention,
as, one and all, they played their
best. The old hands, Krause,
Markle, Reinhold and Evans were
up to their usual standard, al-
though perhaps they did not
accept all the chances at goal
that were offered. The new men,
Northey, MacKenzie, Brown and
Calkins proved much better than
expected, while P. Smith has im-
proved immensely. The redoubt-
able goal-tender was so tired of
getting nothing to do that he ran
half up the field to get a kick at
the ball. The only thing that the
boys were sorry for was that Mr.
McLean, who was laid up with a
cold, was not there to share in
their triumph. As was the case
last fall, the Edmonton boys
gave them a royal reception.
After the game, Col. B. E. Fisher,
whose son is captain of the team,
entertained both teams to a ban-
quet, which was followed by a
most enjoyable entertainment,
given by the High School girls
and boys in the Queen's Avenue
school. The School hopes that
Edmonton will challenge soon,
and will try to show them an
equally good time. Mr. Gibson
also invited the girls down to play
basket-ball, and there is a possi-
bility that a game may be arranged
with the Red Deer girls.

The team was: Goal, Hewson;
Backs, Calkins and Gibson;
Half-backs, Smith, Evans and
Brown; Forwards, Reinhold, Mc-
Kenzie, Krause, Northey and
Markle.

Pleasant Reception.

On Thursday afternoon and
evening, April 21st, Mrs. F. H.
Tallman was the hostess at a very
pleasant reception given in honor
of her guest, Mrs. A. E. Keast,
nee Miss C. E. Gaetz, Mrs. J. M.
Smith received with them. Mrs.
Morley P. McGill presided over
the tea urn, the table being cen-
tered with ornate and maiden
hair fern. Mrs. H. L. Gaetz out-
fitted the ice, Mrs. J. Russell Welton
was assisted in the tea room by
Misses Lily, Sadie, and Olive
Smith, cousins of the bride, and
Misses Jennie and Abbie Keast,
nieces of the hostess and groom.
Mrs. G. W. Smith showed the
guests to the tea room. The bride
looked charming in a reception
gown of cream silk Eolienne.
Over 100 guests enjoyed this
very pleasant social function,
quite a number of their gentlemen
attending coming in the evening.
J. Edward Welton presided at the
piano and discoursed sweet music
afternoon and evening.

BALMORAL.

On Friday evening, April 29th,
at 8.30 o'clock, an attractive
entertainment will take
place in Balmoral schoolhouse,
when Rev. W. K. Allen, of
Springvale, will deliver an
address, illustrated by colored
views, on "The Life of Christ."
Views of a comical nature will
also be thrown upon the screen.
All are cordially invited.

THE LEONARD GAETZ MEMORIAL CHURCH

Opening Services Sunday

The Leonard Gaetz Memorial
Methodist church was formally
opened on Sunday last with
morning and evening services
and a rousing afternoon meeting.
In the morning the church was
dedicated to God by Rev. C. H.
Huestis, president of the Confer-
ence, Rev. Principal Riddell, of
Alberta College, Edmonton,
preaching the sermon. In the
evening, Rev. G. W. Kerby, B.A.,
of Calgary, preached. In the
afternoon addresses were given
by Hon. W. H. Cushing, G. W.
Smith and others. Nearly \$8,000
was raised towards the building
fund at the Sunday services, the
church being full to overflowing
at each service. The music was
of a high order, the choir render-
ing several selections under the
able leadership of J. Edward
Welton. On Monday evening the
Ladies Aid gave a supper and
entertainment in the basement of
the church, there being a large crowd
present, one hundred and thirty
dollars being raised by the ladies.
This beautiful church is a credit
to Red Deer and a monument to
the workers who so faithfully
helped the good work along. The
church was erected at a cost of
\$38,000.

C. A. Julian-Sharman was the
architect supervising the work,
E. E. McKee was superintendent
of the work, which was done by
day labor.

Sporting News

Playing at the Crystal Palace
before a record crowd of football
enthusiasts, Barney managed to
make a draw with Newcastle
United. This is the fourth time
Newcastle has been in the Final,
and they have never yet won the
Cup.

The Football competition for the
News Challenge Cup, among lads
under fifteen in the Public School,
is now in full swing. There are
six teams captured by the fol-
lowing:

Clem Hodgson,	A team
Fred Reinhold,	B "
Norman Dale,	C "
Douglas Wilton,	D "
Cliff Malcolm,	E "
Herbert Peterson,	F "

So far "D" leads with 4 points
and "A" comes next with 3 pts.
A win counts two points, drawn
games one point to each team and
a lost game no points.

Poplar Ridge

W. Long, of England, has
arrived and is stopping with his
friend, R. Boswell. We under-
stand they intend buying a quar-
ter section of F. B. Fisher.

The fires of last week did a lot
of damage in the neighborhood.
The schoolhouse was saved by
W. R. Atkins' hard work. F. E.
Fisher lost two barns and some
cord wood. H. S. Strong lost
cord wood but saved his buildings
after a few hours hard fight. The
fire crossed the road at W. R.
Atkins' and came sweeping
across the field, setting the barn
on fire at Levi Atkins', but W. R.
at the risk of his life, saved the
other buildings. On Monday
afternoon, during the fearful
wind, Mrs. Bone's house was set
afire, no clue to the cause being
found, except that a flying spark
was brought from a prairie fire
half a mile away, setting fire to
a pile of wood near the house then
igniting the house. The flames
were discovered and extinguished
before any serious damage was
done. She also lost several cords
of stove wood.

Inspector Boyce paid the school
a visit on Friday.

The sale and entertainment
given by the Ladies' Aid, Friday
evening was a great success. The
ladies realized the nice little sum
of \$31.40. Auctioneer Mott cer-
tainly understands how to handle
a sale.

There was no service in the
schoolhouse on Sunday afternoon
in order to give the people an
opportunity to attend the Metho-
dist church opening in Red Deer.

We develop and print for the
amateur photographer. See our
new lines of photo folders. W.
B. Falkner, Photographer, Red
Deer.

Death of Old Timer.

News of the death of Thomas
Green, one of the old timers of
the Red Deer district, was re-
ceived on Friday last. He settled
near Penhold about twenty-four
years ago with his wife, who died
in 1908. The old couple were
married for nearly 60 years, and
celebrated their golden wedding
on years ago last fall. A few
years ago they moved to the
coast, where they resided with
one of their sons. The old
gentleman was 85 years of age.
He leaves four sons and two
daughters to mourn his death,
namely, Rev. A. E. Green, E. W.
Green and W. Green, of Van-
couver, Mrs. Hopkins, of Dakota,
Geo. Green and Mrs. W. Kennings,
of Penhold.

Cunningham-Carswell.

A quiet wedding took place at
St Luke's church Monday even-
ing at 6 o'clock, when Miss
Maude M., second daughter of
Mr. and Mrs. J. A. Carswell, was
married to Herbert L. Cunning-
ham, a prominent young real
estate man of Vegreville, Alta.,
the Rev. C. W. Moore per-
forming the ceremony. Mrs.
Cotttingham kindly presided at
the organ, playing Mendelssohn's
Wedding March as the happy
couple left the church. Mr. and
Mrs. Cunningham left by the
6.30 train for Edmonton, where
they will spend a few days, after
which they will proceed to their
home in Vegreville, followed by
the best wishes of a host of
friends.

That Chicken Story.

To the Editor of the News,
Sir—I noticed in your issue of
March 30th, an article entitled
"A Chicken Story," to which my
name is connected. I am not
doing this for cheap advertisement
but just simply to advise your
correspondent that in the future
he had better learn to send in
facts and not such a miserable
concoction and a misrepresentation
of the truth.

I remain, Sir,
Yours respectfully,
P. E. KENT.

In interviewing Percy we found
the chicken incident took place
about two years ago. The rock
was blown up to the come line
alright, but when it came down
in the night, Percy informs us, it
fell on a hen, not a rooster, and
the hen was roosting on the side
of a barrel, and one half fell in
the barrel and the other half out-
side of the barrel. Any profes-
sional chicken man who couldn't
shoot a rock into the blue and
drop it straighter than the corres-
pondent reported Percy did,
wasn't worth much. We modestly
and with considerable reluctance
ask our correspondent to be more
careful of his facts in future, as
such garbled reports are apt to
hurt a sensitive nature which is
not accustomed to newspaper
controversy.

A Third Football Club Desirable.

To the Editor of the News.

Dear Sir:
The members to be a lack of
enthusiasm in senior football just now
hard to understand, considering the
success the Red Deer team had last
year. I don't know why this
should be so, for I believe there are
quite enough players willing and
ready to form three teams, and unless
we have at least that number playing
for the Michener Cup, how can we ex-
pect to interest the public in the
sport? No one wants to go and see
the same two teams play every time it's
too tame; and the players themselves
cannot put the same amount of spirit
into the game. Not only that, it is
not fair play to get Mr. Michener to
put up a cup for three or more teams
and then to drop down to two. Foot-
ball is fast becoming a national sport,
and Red Deer already holds a place
among the first night. Take for in-
stance, the doings of our team last
year in the provincial league, to
begin with, we were the only team to
win the Michener Cup last Satur-
day, and again our High School team win-
ning the Rutherford Cup last Satur-
day, and yet again go to the school
and watch the boys' team playing.
They are a credit, and some of them
are even now capable of taking place
in the senior teams, and places should
be found for them. There is only one
way of keeping interest up in any
sport—and that is competition, of
course, covered with clean play; and
so I think it is up to us to form an
other team in town, and on behalf of
a few interested in the game I call a
meeting of the Town Club officials,
players, and any one interested, at 8
p.m. Saturday, April 30th, at Mr.
Snell's jewelry store, for the purpose
of forming the Town or other club,
and I undertake to place in their
hands a list of players who have per-
sonally promised me to play this
season if a club was started.
Thanking you, Mr. Editor, in anticipa-
tion,
I remain, yours respectfully,
W. H. HADLEY.

FRANK MOTT,

The Reliable Auctioneer & Real Estate Agent
GAETZ AVE. NORTH.

I still have a good list of TOWN and COUNTRY properties
listed for private sale, and have also several TOWN PROP-
ERTIES listed for sale by Public Auction, and the same
will be advertised in detail shortly, and anyone wishing to
place their properties in this sale can do so by giving
due notice. In addition my sales booked are as follows:

- May 2nd—Live and dead Farming Stock at MRS.
SPEIGHT'S Farm, 2½ miles west of Red Deer.
- May 4th—Live and dead farming stock at F. B. Harri-
son's farm, one mile west of Pine Lake.
- May 7th—Furniture, at the home of Mr. Richmond, on
Douglas St., Red Deer.
- May 10th—Live and dead farming stock at M. Leon
Leppers, Hillsdown.
- May 17th—Live stock at the farm of Mr. Henry Hart,
5½ miles west of Red Deer.
- Early in June a large farm sale east of town.
- About middle of July, furniture sale in town. Partic-
ulars later.

Here's a chance for a reliable man. Having
so much business to attend to, I will sell
my Bill Posting Plant, with all the contracts
now in hand, and the Association's rights
and privileges.

Home Made Sausage and Bologna Specialty.

THE VAN SYKE BREAKING PLOW.

The Van Syke Breaking Plow Co. will commence the manufacture of what is known as the "Van Syke Breaking Plow" in Red Deer. An electric plant is being installed, which will run day and night to satisfy the increasing demand. There are now considerable quantities of plows on hand. These plows are distributed in many towns, Waskasoo, Stettin, and many others. The advantages of this plow are:
1. Breaks hard land, plows and timothy. Furrows never turn back or kink.
2. The draft of the plow is fully one third less than other plows on the market.
3. Guaranteed to scour ground land.
4. It works well in stony land by change in contour.
5. Much more durable than other plows as it is constructed of solid steel.
Furrows will not be coming off their interest if they do not look into this proposition before purchasing elsewhere.
Van Syke Plow Company,
RED DEER

WRIGHT AGENCY.

Why not exchange your Organ for a Piano?
Full value allowed.
1035 AVENUE. (Opposite Northern Bank.)

NO IRRIGATION NEEDED HERE

What the people of Red Deer want to instill into the minds of new comers to this country is the fact that we do not need education in dry farming or irrigation schemes, as we have never yet had a season in this district when we did not have moisture to develop our crops. Prospective settlers should make a note of this.

Talking of Mr. Aylesworth, although possessed of great ability, he has proved himself a great failure in the Commons. He often descends to the level of the party trickster, but his schemes are easily seen through. This session seems certain to be his last. His deafness is painful. He cannot hear any of the debaters, and when he is asked a question the House has to wait until some obliging neighbor writes on a piece of paper what the question is. Once this session Mr. Aylesworth started in and spoke for five minutes on a bill which was not the bill under discussion. The situation is pitiful, but this is the sort of thing Laurier has been reduced to. His party is worn out.

IMMIGRANTS ABUSED

Treatment Meted Out To Respectable English People By Canadian Immigration Officers.

Ottawa, April 20.-The question of the proper treatment of immigrants is one which appeals strongly to the Canadian people, who are either immigrants or the descendants of immigrants, and so when Major Beattie, of London, Ont., drew the attention of the House last week to a remarkable case, some strong feeling was aroused. Hon. Frank Oliver is the Minister in charge of immigration, but his manners in the House would never cause anybody to accuse him of being capable of courtesy.

Major Beattie showed how a London, Ont., man, a builder in the circumstances, had gone to Quebec to meet his father, wife and two children, whom he had sent for from the Old Country. His father was a farmer in England, and had sold his holdings to settle beside his son in Canada.

The father had \$200 in English money in his purse, as well as bank drafts for larger sums, which it seems he foolishly showed to the immigration officer at Quebec, and what looked like a straight case of hold-up occurred. When the London, Ont., man arrived at Quebec he could not find his relatives, and only after a search of some hours he discovered that they had been locked up in a bare upper room by one of the officers. He demanded their release but this was refused. Being a man of 6 feet 4 inches, and big in proportion, his threat that he would break open the door with that officer's body, brought results and the door was opened.

This treatment of respectable English immigrants was described in the House as monstrous. It calls the people of Canada to think that a Russian Doukhobor would get better treatment. Dr. Clark, the Liberal member for Red Deer, described also the experience of many immigrants, and stated to the House that a farmer delegate returning from the Old Land had felt compelled to make a protest against the courtesy of Quebec immigration officers towards English immigrants.

If immigrants from the United States were subjected the same, the country to the south would declare war immediately or know the reason why.

Eckville.

Rev. A. J. Patstone preached here last week. He is due again the second Sunday in May.

Mr. Bawtinheimer and Doe, McEwan were among last week's visitors, also Mr. Boyce, school inspector, Mr. McMillan and Ralph and Frank Patterson.

The school grounds will, in the near future, resemble the intensive gardens of Japan. The school house would be improved by a coat of paint.

Everybody is busy seeding.

"Jane," Lyric Theatre, to-morrow night.

Mr. Root's sale to-day. We may not be able to see the comet in Red Deer.

Diak Blay was in town on Friday from Evans.

Mrs. A. Davis has moved to Red Deer from Pine Lake.

John T. Watson has purchased John Webster's place in Woodlea Crescent for \$1,400.

The Red Deer Implement Co. are putting in an elevator and platform at their warehouse.

G. H. Bawtinheimer, Red Deer, Percy Kneeshaw, Gaetz Valley, and Donald Smith, Evans, have been gazetted Brand Riders.

Mr. Durand is disposing of quite a bit of farm and North Red Deer property to new arrivals from France. M. Magrand, wife, and seven children, with two servants, and Mr. Valery were registered at the Alberta on Thursday.

L. M. Gaetz has returned from a most successful trip down the Lacombe branch to Castor. The style of "Square Garments, limited" is to be changed to "The Gaetz Manufacturing Company," manufacturers of Square Garments. The plans and specifications for the new overall factory on the corner of MacKenzie and Blowers are being got out this week.

On the occasion of the Confirmation given in the North Red Deer Catholic Church there were present Rev. Fathers Thienard, of Innisfail, Cirion, of Carstairs, and Egan, of Trochu. The new altar gave a fine effect. It has been made by O. Loff, one of McKee & Cruickshanks' men. In honor of His Lordship's visit, the pupils of the St. Joseph Convent gave a very nice entertainment. Solo and duet pieces have revealed the vocal talent of Miss A. A. de Sparre, Calgary. "The Royal Fugitive," a play prepared by Miss Kelly was a credit to herself and to the young actors who took part. Misses Reinhold and Sherman, of Red Deer, and Misses Rickards and Richardson, of Calgary, taking the leading part.

"Jane," Lyric Theatre, to-morrow night.

Leslieville.

The young men of this community have formed an Athletic Association for the summer.

J. F. Boyce, School Inspector, was visiting schools out here last week.

F. C. Hall and Frank Patterson left for Stewart's survey party.

A. Ekford was visiting here last Sunday.

The farmers of this district are getting on with their spring work in fine shape.

Fell on the Stove

Baby Is Badly Burned

The young daughter of Mrs. T. S. Duggell, 223 Flora Avenue, Winnipeg, was arranging some of her doll's washing on a clothes rack, beside the stove, when she fell, and her hand, being thrown out to try and save herself, came in contact with the side of the hot stove. She sustained a serious burn, and her screams brought her mother quickly to the spot.

"I sent to the druggist for the best remedy he had for burns," she says, "and he sent back a box of Zano-Buk. He said that there was nothing to equal it. I applied this, and it soothed the pain so quickly that the child laughed through her tears. I bound up the hand in Zano-Buk, and on Friday applied Zano-Buk frequently and liberally, until the burn was quite cured. The little one was soon able to go on with her play, and we had no trouble with her during the time the burn was being healed. I would recommend mothers to keep Zano-Buk handy for emergencies of this kind. All druggists and stores sell Zano-Buk at fifty cents a box. Post free from Zano-Buk, Inc., Toronto, for price; and you are warned against harmful imitations."

STRAV BULL.

Came onto my premises, March 2nd, a black mule bull, about 2 years old, ring in nose, rope around neck, and no visible brand. The owner can have same by paying \$5 and expenses of advertising and keep.

A. A. OLSON.

N.E. pr. Sec. 6, Tp. 28, Rge. 27, W. 11th, March 20.

WEDNESDAY, APRIL 27th, 1910.

THE HUDSON BAY RAILWAY.

One of the strongest planks in the platform of the Liberal party at the last Federal election was the construction of the Hudson Bay Railway. This line would, they said, be built as soon as the snow vanished in the spring. On every platform the orators dilated on the great benefits the road would be to the West and everything was ready for a start. It was only necessary to elect the Liberal candidates and return the Liberal government to power and the railway would be an accomplished fact. At that time the News made fun of the promises of the Liberal party, the same old gag had been used for the last twenty years, and it had become threadbare and dilapidated. But it served its turn, and the Liberals were returned to power. Now they are trying to get out of building the road, as we knew they would, and are finding fault with the idea. The Toronto Globe says:

But has the West—have any of its advocates, West or East—gone into the consideration of the project in the cold, clear light such as is desirable in a case where an expenditure of twenty or twenty-five millions is contemplated? If so it has escaped our observation. The fathomless muskies referred to in the Gazette may be a fact or may not. But proceeding on the assumption that there is no insuperable difficulty in the way of construction, there still remains the question whether the railway will fulfil any useful purpose. The real point at issue is whether grain can be carried that way to Europe more cheaply than by the other routes or even as cheaply. Unless that question can be answered in the affirmative a railway from the heart of the North-West to Fort Churchill or Port Nelson would be a piece of the greatest folly imaginable. The people of the West can be benefited by the railway only if it can carry grain as economically as any existing or projected route. What the opponents of the project claim is that the anticipated difficulties and disabilities have never been courageously faced, and that until they are it would be sheer madness to undertake the building of the railway.

What some of those difficulties and disabilities are need not be fully dealt with here even if all of them could be presented. The dominant fact is that Hudson's Strait is ice bound for the greater part of the year. Grain by that route could not go out for nine or ten months after it had been harvested. There can be no question that in order to have a season of navigation long enough to make the route a serious one vessels would have to fight their way in through the ice at the opening of the season and fight their way out at the close. It is not a bold assertion to say that every once in a while vessels would be caught in the ice and have to remain until released in the following year. That whole dreary and uninhabited coast would have to be supplied with lighthouses and lighthouse-keepers. Vessels intended for that

route would have to be constructed with a special view to fighting ice. Could such vessels be profitably employed when the Hudson Bay route was closed? These are questions which practical men must answer. Answers have not been essayed, so far as we know, as yet.

THE DEFENCE.

(Edmonton Bulletin)

The Calgary News holds the Alberta and Great Waterways railway bargain to have been a good bargain, conceived in wisdom and executed with due and vigilant regard for the public interest. In proof it submits the following:—

The alleged federal statesmen at Ottawa have been trying to mix up in Alberta politics more than is good for them and they will find the chickens come home to roost later on.

There was no reason that should have caused Hon. Frank Oliver to butt into the controversy and verbally and through his Edmonton newspaper endeavor to knock the government merely because there was one man in the administration who would not let him have his own way in shaping the destiny of this province.

The Hon. Frank Oliver must remember that Alberta to-day is not the Alberta of 1904 and previous to that time. To-day there are tens of thousands of people in Edmonton and Calgary who never saw him and who will have little or no interest in furthering his welfare if he undertakes the role of dictator in this country.

From the appearance of things Mr. Oliver will have his hands full at the next election attending to his own affairs and endeavoring to fix his own fences, without giving gratuitous advice to the provincial government with regard to its duty in building up Alberta. Many a public man has overstrained himself by tackling a job that was too big for him to handle.

As to the efforts that have been put forward by the smaller fry at Ottawa, "it was to laugh," in so far as the province was concerned. They are on a par with some of the eminent back-benchers who aimed at statesmanship in the legislature when the crisis was supposed to be imminent.

In provincial affairs the notice, "Hands off!" has been posted up and all meddlers are warned away.

If any reader is unable to see what all this has to do with the Alberta and Great Waterways bargain he must, of course, lay the blame to his understanding and not to the fault of the argument. In these paragraphs the News has epitomized one of the main arguments advanced to demonstrate the soundness of the bargain made with the Alberta and Great Waterways Company. They must be taken therefore as offering substantially what can be said to prove:—

That it was a sound policy to guarantee the bonds of a railway through unsettled country while thousands of settlers are on the verge of despair for want of railway accommodation;

That it was in the best interests of the Province to make the guarantee for \$20,000 a mile, while

not binding the Company to put that or any stipulated amount into the railway and while successive engineers employed by the promoters had declared the road could be built at from \$18,000 to \$17,000 per mile;

That the interests of the Province were fully safeguarded in issuing these bonds at 5 per cent, and allowing somebody other than the Province to pocket all they would sell for above par;

That the patrons of the road and the people of the Province were fully protected by specifications which allow the road to be built with mud ballast, spruce or poplar ties and 56 pound steel;

That the interests of the Province were not imperilled by bestowing these concessions on a Company which has not been shown to have a cent with which to pay the \$9,250 per month

difference between the interest which has to be paid on the bonds and the interest which the banks are paying for the money, nor the \$3,000,000 interest charges which must be expected to accrue before the road can become self-sustaining;

And that the Government is absolved from all responsibility in not producing the head of the Company or any director of it before a Commission appointed by the Government to prove that the Government and its officials were moved solely by a consideration of the public welfare, in conducting the negotiations which terminated in the transaction.

It is claimed there are something like 7,400,000 microbes in a glass of water. Guess the fellows on the A. & G. W. job at Edmonton did the counting.

The W. E. LORD Co'y

We are Not Doing Sufficient Business in Our Hosiery Department

This is an awful admission to have to make but it is a fact. Some might think in checking up our sales that we are doing a good Hosiery business, and our sales would be considered good if we were carrying just an ordinary line, but when the completeness and superiority of our stock is considered, we are not getting corresponding results.

There is a reason. There is only one reason, which is, **You cannot be familiar** with our lines and values. It is up to us to show you, and it is up to you, in your own interest, to give us the first available opportunity.

Ask to see our Hosiery, whether you want to buy or otherwise. You will require Hosiery for yourself and family and you should buy them to the best advantage.

SPECIAL is a Cashmere 2x1 rib, black only, sizes 5½, 6, 6½ at 15c; 7, 7½ at 20c; 8 at 25c; 8½ at 30c.
RIVAL Another Cashmere 2x1 rib, black only, a little heavier than Special, sizes 5½, 6, 6½ at 20c; 7, 7½, 25c; 8 at 30c; 8½ at 35c.

ECLIPSE is the winner. It is the most satisfactory stocking we have ever sold, during the eight years we have had it; 2x1 ribbed Cashmere, double knees, spliced heels and toes, sizes 4, 4½, 5, 5½, 6, 6½, at 25c, 7 at 30c; 7½ at 35c; 8, 8½ at 40c.

E 186 is a cotton stocking, a new line added this season, and a good extra strong one that the boys can't tear, 2x1 rib, black only, 6, 6½, 7 at 20c; 7½, 8, 8½, 9, 9½ at 25c.

560 is a good Cashmere 1x1 rib, black only. For girls this one is particularly neat and durable; 5½, 6 at 20c, 6½ at 25c, 7 at 30c, 7½, 8 at 35c; 8½ at 40c.

DUPLEX is similar to '560' but much finer and heavier, 5½, 6, 6½ at 30c, 7 at 35c, 7½ at 40c, 8 at 45c, 8½ at 50c.

E 178 is a 1x1 rib black cotton stocking, and it is a hummer at the price, 6, 6½, 7, 7½, 8, 9½ at 15c.

E 192 1x1 rib black cotton stocking, a good looker that will give good service, 6, 6½, 7 at 20c, 7½, 8, 8½, 9, 9½ at 25c.

E 200 A very fine and smooth 1x1 rib cotton in both black and tan, in all sizes, 5, 5½, 6, 6½, 7 at 20c, 7½, 8, 8½, 9, 9½ at 25c.

'Adela' Misses' Lisle thread, lace ankles, black only, 6½, 7 at 25c, 7½, 8, 8½ at 30c.

232 Plain Cashmere Stocking for girls. This is a line which is difficult to get in a good quality at a reasonable price, but in No. 232 we believe we have the best on the market, 4½, 5, 5½, 6, 6½ at 25c, 7 at 30c, 7½ at 35c, 8, 8½ at 40c.

LITTLE DARLING is a well known line which everybody handles. There has been considerable uneasiness in the market price of this line, the jobbers showing an inclination to advance the price, and we, for that reason, have left the prices as formerly. We have them in black, cream, grey, cardinal, and tan in sizes 4, 4½, 5, 5½ at 25c, 6, 6½, 7 at 30c.

B 5015 Cream silk plaited stockings for the girls who want something nice, 4½ at 35c, 5 at 40c, 5½ at 45c, 6 at 50c, 6½ at 55c, 7 at 60c.

3-4 SOX For little boys, plain white cotton, 4, 4½, 5, 5½ at 15c. Silk and Wool white lace sox 4, 4½, 5, 5½ at 25c.

B 214 Ladies' plain cashmere, full fashioned, 8½, 9, 9½ at 25c, 10 at 30c.

B 220 Ladies' very fine plain cashmere stockings, full fashioned, 8½, 9, 9½ at 35c, 10 at 40c.

B 217 Similar to B 220, 8½, 9, 9½ at 40c.

B 223 Extra fine Llama finish, plain cashmere, very elastic and full fashioned, 8, 9, 9½, 10 at 60c.

B 225 Similar to B 223 but it is finer and lighter weight, 8½, 9, 9½ at 60c.

B 229 Plain cashmere silk embroidered in colors, 8½, 9, 9½ at 45c.

B 234 Ladies' 2x1 ribbed cashmere hose, 8½, 9, 9½ at 25c.

B 235 Ladies' 2x1 rib cashmere special, 8½, 9, 9½ at 35c.

B 236 Ladies' 2x1 ribbed cashmere, Llama finish, heavier weight, 8½, 9, 9½, 10 at 45c.

B 238 Ladies' 2x1 rib cashmere, very heavy and extra fine Llama finish, 8½, 9, 9½ at 65c.

45 B A worsted Hose for boys' rough wear, although it is a smoothly finished 4x1 rib, 6½, 7, 7½ at 25c, 8 at 30c, 8½ at 35c, 9, 9½ at 40c, 10 at 45c.

This is only one of the many lines which we have for Boys space does not permit quoting.

You surely can be suited in our Hosiery Department. Come in.

GUESSING CONTEST

PURITY FLOUR GUESSING CONTEST

Look at the big Sack of Flour in our South Window and Guess How Much Flour There Is in it.

It is filled solid with PURITY FLOUR and it engages seven men to move it from the ware-house to its present location. It is worth between

\$15 and \$25

And will be presented to the one who guess the weight correctly, or in case of there being no correct guess the nearest guess to the correct weight will win. Should there be more than one correct guess, or should there be more than one guess for the same weight which is nearest to the correct amount there will be a drawing by an independent party, and the party whose name is first drawn shall receive the whole sack.

A SECOND PRIZE of a 49 lb. Sack of Purity Flour will be given.

The guessing will be on the basis of **One Guess to Every Dollar** cash sale or cash settlement on account.

The guessing will close on

Saturday, May 7th

And the Coupons will be checked up and the drawing, if necessary will be made **Tuesday, May 10th**, and delivery will be made to the winner.

Ask the salespeople for coupons when making purchases.

Standard Patterns FOR MAY

May Designer, Hand Books and Fashion Sheets are in. Designer Patterns are always satisfactory.

WOODLANDS!

The Best Buy Near Town.

Blocks from 1 to 5 acres high bench land. Rich, deep, black loam; groves of trees; stretches of meadow. THE LETHBRIDGE HERALD SPEAKS OUT.

That excellent journal, the Lethbridge Herald, the leading Liberal organ of the south, says: "Premier Rutherford ought to give up the ghost. His government represents about as much of the thinking public of this province as could be comfortably packed into a piano box."

"The Government should cease hanging on to power and get out at once, because the longer they hang on to power, the more disgusted become the public. The revelations of last week, showing the class of men who have led the Government into a bad bargain, is enough to disgust the most ardent Liberal and to satisfy him that it is not wise to trust the affairs of the province in the hands of the present men."

"What the Liberal party in Alberta should demand is a provincial convention—representative of the best sentiment of the party, not packed with the machine element. At this convention a new leader should be chosen and the party completely re-organized. That is the only salvation."

Watch Red Deer grow.

It is up to the Town Council to see that the Alberta Central build into Red Deer and not a mile out of town, and steps are already being taken to safeguard the Town interests.

Mark Twain, the noted humorist, who touched the hearts of the masses as no man during the present decade has done because he made them laugh, passed away on Thursday last at his country home, Stormfield, Connecticut, aged 74 years.

The surveyors who started out to survey the route of the Hudson Bay Railway a few days before the late general elections in Saskatchewan have, we understand, just returned. They lost their way in the bush and have lived as wild men, covered with

hair, fig-leaves, etc., ever since. The Hudson Bay Railway is forgotten.

The route map of the Eastern section of the Alberta Central Railway was received by the Town clerk Saturday and it will come before the Minister of Railways for approval on Friday, the 29th. It looks as though this line from Moose Jaw to Red Deer was an assured fact, as the map shows the line running over one hundred miles in a direct line for that city. It is expected work on the line west from Red Deer will start in May.

GREAT RUSH CONTINUES.

Sixty Cars a Day Pass Through Portal.

Never in any part of Canada at any time have the sights been seen which are now to be witnessed daily in North Portal, Sask. At no port did so many American settlers enter the country in a single day, and the rush continues.

Yesterday three train loads, each with sixty cars of settler's effects, passed the international boundary. In addition there are three regular daily passenger trains. On the three trains of settlers' effects arriving yesterday, it was estimated that there were about 1,100 horses. In addition there were many cattle, and very large quantities of farm implements.

Considerable difficulty has been caused at the point of entry owing to the fact that there is no adequate water supply at Portal. The water there is not good, and a number of American farmers were in difficulties owing to a shortage. The C. P. R. is operating a special water train daily, and thus supplying the needs of the travelers.

SIXTY CARS A DAY.

Sixty cars a day, with approximately 250 people, is the average number now passing that point for points in the west. In March the total for the month was over 5,000, and for April it is expected that the total will be over 8,000. Portal is a favorite port of entry, and railway men state that in 1911 if the season of 1910 is favorable, as many Americans will enter that gateway alone as entered by all the gateways in 1909.

THE APRIL ROD AND GUN.

The manifold delights of the days with the rod and gun, the season for which is now so near at hand, find some able exponents in the April number of Rod and Gun in Canada, published by W. J. Taylor, Woodstock, Ont. The immense advantages of Algonquin Park for fishing vacations, and descriptions of some of its many wonderful lakes, is given prominence in a beautifully illustrated article, the writer having had the privilege of accompanying some of the hardy Rangers on their rounds. The veteran angler, Mr. C. W. Young gives an account of some new waters along the line of the new Transcontinental in Northern Quebec, and many a fisherman will hope that during the coming summer he may possibly repeat Mr. Young's delightful experiences. The wanderings of a fishing party lost in the Rockies are well told by E. M. Alworth, the story illustrating the difference between fishing in the north and in the west. Mr. Alworth and his party had to walk home from the mountains to their prairie town. A defence of the outfish will be read with interest. Two good bear stories, one of duck hunting, a tale of a good dog and game bird hunting by motor car add variety and give interest to an excellent number. Not merely a fisherman but no sportsman should be without its bright, informative companionship.

Laundrying Ladies' Linen

requires both care and skill. Skirts, waists, etc., demand a different kind of treatment than

MEN'S LAUNDRYWORK. If you have been disappointed in the laundrying of your things, send them to us next time. You'll get them back done up in a way that is beyond criticism. You'll regret not having employed us before.

The Weed Question.

To the Editor of the News.

Sir:—At one of the meetings of the Red Deer U. P. A. last winter there was a rather lively discussion on the weed question and weed inspectors. Afterwards, during my trip to the coast last summer, I met Mr. Campbell, who gave me the enclosed circular, outlining a method of crop rotation designed to kill out the weeds which make a flower garden of our grain fields. At that season of the year (August) it was useless to take the matter up but as farmers are now planning their crops for next season, I thought possibly some of the Red Deer members might like to try this method, especially as it includes only such crops as are likely to be paying ones in the Red Deer district. The plan is probably worth a trial, though in my opinion (as expressed in an article to the Nor-West Farmer some two or three years ago) is that the weed question will not be settled until some firm brings out a separator that will deliver both the grain and the straw practically free from the enormous amount of seed which they now contain. Thirty years ago the English separators delivered the grain re-cleaned, graded and fit for market. The American makers sacrifice everything to speed. To clean the straw from weed seeds is, no doubt, a more difficult problem, but not more difficult than hundreds of other such problems that have been successfully overcome. C. J. B. W.

HOW TO KILL WEEDS AND DOUBLE YIELD OF GRAIN PER ACRE ON OLD LAND

As countries grow older, the battle with weeds grows stonger, and finally they are conquered. This must be done in our West. Weeds dare not peep above the ground in England, France and Germany. Here they are full-grown, making flower gardens of many fields. Some of them vie with our rarest flowers for beauty. If they were not so common and troublesome their true beauty would be more apparent. What can be more beautiful than a carpet of snow covering the earth? Seen for the first time it is the greatest wonder; seeing it often we think nothing of it. So it is with weed flowers. Fields of Sow Thistle and Wild Mustard in full bloom cannot be excelled in the flower kingdom for lovely yellow, nor can a field of Canada Thistles be for its dainty shades of pink and blue, yet these are our greatest weed enemies. Wild Oats, French Weed, and some other kinds are about as bad, but do not take such a death grip on the land.

Now the question with every banker, business and professional man and farmer should be, what is the best way to fight the weed scourge.

What helps the farmer helps all. He can live where many of us would starve if he does not get fair to good crops. No better and more progressive farmers in the world than in our West. They will cope with all emergencies, but the weed problem, as in all countries, requires the attention and help of all. Many farmers have fairly clean farms, surrounded by weedy ones, which proves that if all made the same effort, it would be easier to keep land clean.

Our plan is as follows—First, let there be concerted action by all—the Government, railway companies, individuals and schools—along some particular plan.

We would advocate sowing Winter rye the middle of August, harvesting the following year in July, when fully matured, before any of the worst weeds seed. No grain ripens in summer so early as Winter rye, hence it is the best crop for destroying weeds. It does best on summer fallow land. The average price is around 70c. per bushel. Store, Fort William, during the last three years, and we think the price will improve when more is grown. Sow this land early in August, and seed next year with barley or oats, then to clover or timothy. We refer only to old land, as timothy and clover, especially clover, do not do well on new land. Clover is just beginning to enter this our country, the older lands being in condition for it. Some of the best clover seed in America is now grown in Minnesota and Dakota. Who will be the first on the Canadian side to profit by growing clover and winter rye? There should be first about two pounds of clover seed sown with grain that is sown for crop. This light seeding inoculates the ground for heavier and proper seeding later for a good crop of clover. It seems strange that clover requires such special treatment, but it does, and for best results this is necessary at present in our north country, but will not continue so after proper inoculation of the soil has taken place.

A rotation of crops, rye, barley or oats, clover or timothy, and wheat will overcome the weeds. Some farmers believe much in summer fallowing and some good farmers never summer fallow. Dry, and most modern farming

consists chiefly in very early summer and fall plowing and harrowing.

The drills should be double, two rows, so that drills of grain shall not be more than about three inches apart, and heavier seeding of wheat and oats and all kinds of grain than usual should now be done, as is now the case in the older countries.

We are sure that the yield per acre from the older parts of our country will be doubled in less than ten years. We do not believe in the Government giving any inspector authority to order a farmers crop destroyed because it is weedy, but we do believe in the Government saying what shall be done with weedy ground the following year. We have the utmost confidence in our farmers and the Government planning to do what is best for clearing the land of weeds.

"THE BEST IS THE CHEAPEST IN THE END"

LOCAL & GENERAL.

"Jane." At the Lyric Theatre to-morrow night.

Mrs. W. A. McKinney will not receive on Thursday.

New goods arriving daily at Best Bros. Carpets, Curtains, Linoleums and many other lines.

Bawinheimer & Sons shipped a monster Hereford steer last week, weighing 2,410 pounds.

Don't miss seeing "Jane," and don't forget to take along a box of Huyler's. Sold only at Parker's.

E. S. MacKay, of the Northern Crown Bank has been promoted to Saskatoon, and left last week for his new field of labor.

Mrs. Kirk was in to the church opening and we are pleased to state that Ernie Kirk was not burned out as was reported last week.

John McVicar's bookstore for croquet sets, sponge grey, colored and official league balls, and fishing supplies. Agent for rubber stamps.

The Oddfellows will parade to the Methodist Church on Sunday morning next when the annual sermon will be preached to the brethren by Rev. C. H. Huestis.

The Red Deer Gun Club will hold its 25th annual meeting this Wednesday evening for the election of officers and other business in Mr. Botsford's office at 8.30 o'clock.

A. S. Carr is busy making tents and awnings at his factory, McKee's old stand. He also has a number of orders on hand for upholstering and as he does his work well he should receive strong support.

The Right Rev. the Bishop of Calgary will preach morning and evening in St. Luke's Church on Sunday next, May 1st, and will hold a confirmation during the evening service at 7.30 o'clock.

Rev. Brown, Elder Jamieson, Mrs. (Rev.) Brown, Mrs. McVicar, Mrs. Milan, Mrs. McLaren, Mrs. Collison and Mrs. Angus Martin are in Edmonton attending the Synodical Convention Tuesday and Wednesday.

Mrs. H. H. Drake, Douglas St., is holding a private sale of furniture and household goods. Among the goods are a Mendelssohn piano, parlor suite, bedroom suite, dining room suite, a good gun, a pianino with two dozen records, a select lot of books, a Chesapeake bay dog, etc.

The Rev. J. G. Shearer, D. D., General Secretary of the Moral and Social Reform Council of Canada, in which all the churches are represented, and General Secretary of the Board of Moral Reform of the Presbyterian Church will address a public meeting in the Presbyterian church, Red Deer, on Friday, April 29th, at 8 o'clock. All are invited. A meeting of the men of the Presbyterian congregation will be held at the close of the public meeting.

"Jane." At the Lyric Theatre to-morrow night.

Scientific Eye Examinations.

The time was when persons suffering from imperfect vision or muscular irregularities entrusted their correction to the pedlar or the travelling optician who, too frequently, was simply a fakir. Fortunately for sufferers, advancing intelligence has caused the evolution of the scientific optician, in whose hands your eyes may be placed with the same confidence with which you would place yourself in the hands of the family physician.

For many years I have been practising scientific opticianry (the adjusting of lenses for the correction of defective conditions of the eyes) and am continuing to meet with success.

Place your case in my hands, and I will help you.

H. H. GAETZ, Optician.

The Gaetz-Cornett Drug & Book Co., Ltd.

SUNLIGHT SOAP

HOUSE CLEANING Instead of being a monotonous drudgery becomes a pleasure when Sunlight helps you. Remember—Sunlight does all the work, at half the cost and in half the time of other soaps.

Follow directions

"JANE." At the Lyric, Thursday, April 28

Don't forget Mrs. Speight's sale May 10th.

Best Brothers have the finest furniture polish on the market, "Veribrite," 25c a bottle.

JERSEY BULL FOR SALE.

Pure bred Jersey bull calf for sale, one year old. From Bull & Co. (Thames, Ont.) and C. A. Julian Shuman's stock. Apply to S. E. McKee, April 28.

Try Veribrite. It is a wonder for cleaning old furniture. For sale at Best Bros.

Miss Hilda Speight, of the Red Deer Steam Laundry, has been spending the last few days in the country.

H. J. Snell has a fine new Nordheimer piano for sale, this can be bought cheap, with long terms, if sold at once.

The service next Sunday morning in the Presbyterian church will be especially for children, but will be of interest to all.

The moving picture show is an exact reproduction of the performances given in the big cities, that is why they are drawing such large houses.

The Saturday matinee at the Lyric is becoming quite popular, many farmers driving in with their families for an afternoon's amusement. Children are only charged 5 cents.

BIRTHS.

At Red Deer, on April 14, to Mr. and Mrs. G. W. Ball, a son.

At Red Deer, on April 17, to Mr. and Mrs. Geo. Lawrence, a son.

At Red Deer, on April 16, to Mr. and Mrs. E. S. Hogg, a daughter.

SPOT CASH

SALE OF FURNITURE, Douglas St., Red Deer.

SATURDAY, May 7th, 1910

at 2 o'clock p.m. sharp.

Favoured with instructions from Mr. Richmond, I will sell by public auction his household furniture and effects, as follows:

KITCHEN.—Kitchen table; kitchen chairs; fine "Empress" range; all cook utensils; pails; lamp, sealers; dishes; set of six glass; coal oil stove; curtain stretcher; linoleum, etc.

DINING ROOM.—Extension table; 6 diners 2 rockers; heater and pipes; couch; oak bracket; carpet; bed; pictures, sewing machine.

PARLOUR.—Upholstered settee, in cherry wood; 3 upholstered chairs; 2 centre tables; jardiniere stand; carpet and 2 rugs; fancy cushions; Chenille curtains; lace and muslin curtains.

BEDROOMS, 1 and 2—1 iron bed, springs and mattress; dresser and commode in ash; 2 toilet sets; combination dresser; feather bed; linen, etc.

GARDEN.—Lawn mower, hoe and rake, axe and saw, water barrel, wheelbarrow, screen door, saw horse, and other articles.

The above articles are in practically new condition, but having sold the house for Mr. Richmond, rather than store the furniture, he has decided to sell it, so that anyone requiring any of the above can thoroughly depend on them in every way.

Terms: Spot Cash.

Not done forget the date—Saturday May 7th, 1910.

FRANK MOTT, M.A.A.A., Auctioneer, Red Deer.

Monday, May the Second,

Nineteen Hundred and Ten.

A Credit Auction Sale at Six Months.

Favoured with instructions from Mrs. E. Speight, I will sell by public auction at her farm, 2 1/2 miles west of Red Deer, the live and dead farming stock, as follows:

1 cow; 4 heifers, 2 and 3 years old; 1 steer, weighing about 550 pounds, 4 years old.

2 good wagons, one with brake and double box; top buggy; 2 plows; 1 sec. drag harrow; 1 Massey Harris seeder; John Deere Disc, quite new; Champion mower; Champion rake, new; new Junior garden seeder; wheel hoe; hay rake; cultivator; set bolt sleighs; horse and pig troughs; chain separator (Chapman's, good as new); forks, shovels, picks, logging chains, 2 carpenter's benches, all dairy utensils, set double harness, stock saddle.

A little furniture and various other articles.

The above stock is being sold owing to the owner having purchased the Red Deer Steam Laundry, the increased business of which demands close attention.

Terms of Sale: \$20 and under, Cash. Over that amount a joint bankable note will be taken at six months bearing interest at eight per cent. per annum. A discount of five per cent. will be allowed for cash on all sums over \$20.

Sale to commence at one o'clock sharp.

FRANK MOTT, M.A.A.A., Auctioneer, Red Deer.

PINE LAKE DISTRICT.

Wednesday, May 4th, '10.

AUCTION SALE

Commissioned by F. B. Harrison Esq., I will sell by public auction at his farm, the S.W. 1/4 of Sec. 28, Tp. 30, Rge. 25, W. 4th, one mile west of Pine Lake and 22 miles from Red Deer, his live and dead farming stock, as follows:

Good milk cow; 3 horses; Adams wagon; Armstrong ranch wagon, with hood complete; 2 sets heavy shod sleighs; Big 4 McCormick mowers; 8 in. plow chopper, and a 30 in. buzz saw with steel frame; about 250 lbs. plain steel coiled wire, never unravelled; set heavy harness, brass mounted, and 1 lighter set; wheelbarrow, logging chains, forks, spades, rake and hoe; pick and brush-hook; saws and wire stretchers, grindstone, axes, barrels, camp stove, good tent, churn, cream cans and pails, small boat, some household furniture and various other articles.

All the above machinery, engine, etc., is nearly new, and in first class working order, and presents an opportunity to farmers to get goods equal to new close home at their own price and on very easy terms.

Terms of Sale: \$20 and under, Cash. Over that amount a joint bankable note will be taken at six months bearing interest at 8 per cent. per annum. A discount of 5 per cent will be allowed on all sums over \$20 for cash.

If you do not know the farm look for the flag.

Sale to commence at 12 sharp. Buyers from a distance paying cash will please pay in bills or marked cheque.
